

FEES AND PRICES 2022/23

Introduction

This booklet sets out the fees for UK Centres of Excellence and Academy approval through to registration fees for IOEE professional qualifications and SFEDI Awards regulated qualifications.

This pricelist relates to qualifications open for registration during the period of 1 September 2016 to 31 August 2017.

IOEE reserves the right to make changes to approval and/or registration fees however any changes will be communicated to centres and academies in writing.

To offer any IOEE professional or regulated qualifications a Centre or Academy must be approved as detailed in the application guidance notes and receive "Approval" status.

A Centre of Excellence and Enterprise Academy approval runs for three years from the approval date.

Approval support from IOEE includes;

- Expert advice from an IOEE Enterprise Development Expert and Quality Manager
- Access to IOEE online learner registration system
- Registration system training
- Welcome Pack and Centre Approval Certificate

The approval fee for the IOEE Enterprise Academy includes approval for one of the following combinations of products:

- IOEE will provide recognition for 5 programmes
- 5 qualifications
- A combination of 5 recognised programmes and/or qualifications

On occasion an organisation may require additional support prior to making their application, we can provide a pre-approval engagement visit in order to meet these needs.

The visit would enable the organisation to understand fully the requirements of the IOEE application process and provide an opportunity for IOEE to discuss the organisations current position and how best to approach the application.

IOEE Professional Qualifications

These qualifications are developed, provided and certificated by the IOEE as the UK Institute for Enterprise and Entrepreneurs and are available for delivery within the IOEE network of approved Academies. They are based on a national occupational standards for enterprise, which are developed and maintained by SFEDI. They provide a framework and qualification benchmark for the quality assurance process. IOEE understands the need for a flexible approach when delivering enterprise learning and these professional programmes have been developed with this in mind. Academies have control over how the learning outcomes are both achieved and evidenced.

Academic Membership

Academic membership is the route to IOEE professional membership for individuals engaged in teaching, lecturing and research in the field of Enterprise. It recognises their unique contribution to the profession and provides a suitable route into professional membership. Academic membership is different as it illustrates expertise in the development and progression of 'thinking and knowledge' of enterprise and entrepreneurship.

Launched in 2010, Academic membership has been developed in consultation with academics and researchers from a range of organisations and countries. Growing in popularity, it fully reaffirms IOEE's commitment to professional membership based on demonstrating the ability to deliver and make an impact in the workplace, based on what you know, what you do and how you do it.

Who is it for?

Academic membership is open to all lecturers, academics and researchers working in the field of Enterprise and Entrepreneurship, including those who are responsible for:

- Developing and facilitating the acquisition of knowledge and skills within the Enterprise discipline in an academic environment, for example teaching or lecturing, scholarly research supervision or management of academic programmes.
- Managing the conduct of scholarly activity and/or undertaking research in any defined area of Enterprise, or in another area, but with significant impact or focus on Enterprise.
- Those with significant influence and responsibility for managing and overseeing the delivery of academic provision (e.g. heads of departments and deans of faculties).

Type of Membership	Target Audience	Post Nominal Letters	Cost (inc. VAT)	Renewal Period
Associate	You are typically an experienced lecturer, tutor or researcher in an enterprise subject area.	AMIOEE	£125	1 year
Full	You are typically an experienced lecturer, senior researcher, recognised in the UK or internationally as an expert in more than one relevant subject area.	MIOEE	£175	1 year
Fellow	You are typically a senior academic or research leader, recognised in the UK or internationally as an expert in at least two enterprise areas.	FIOEE	£275	1 year
